GENERAL AND REVENUE SECRETARIAT.

Serial Nos. 1-8

Part B. for October 1905

SUBJECT.

Accommodation for the office of the Superintendent of Police, Bangalore District (and the attached taluk Cutcherry in Chikpet)

Accommodation for the office of the Superintendent of Police, Bangalore District.

From the Inspector-General of Police in Mysore, letter No. 4266-456, dated 28th January 1905.

States that the old Taluk Cutcherry building in which are located the City Central Police Station, the District Police Office and the Sub-Registrar's Office, is in a dangerous condition, and repairing it would be prohibitive, not to speak of the money being wasted; that its locality has always been infected, that it may fetch about Rs. 15,000, which with an additional expenditure will meet the cost of a new building in a convenient locality such as the open ground in front of the Special Reserve Police Lines in the Fort.

To the Inspector-General of Police in Mysore, the Inspector-General of Registration, the Comptroller, the Chief Engineer and Secretary to Government, Public Works Department, the President, Bangalore Municipality, and the Deputy Commissioner, Bangalore, letter No. J. 2314-19—Police 129-2, dated the 15th February 1905.

Orders the building in question to be sold by public auction, after due publication, by the Deputy Commissioner of Bangalore, subject to the confirmation of Government, and asks the Inspectors-General of Police and Registration to submit their proposals for locating the present offices of Police and Registration till a new building is available.

From the Chief Engineer of Mysore, letter No. 1364, dated the 24th February 1905.

Enquires whether a project for a new building has to be got up or whether the Government intend to merely shift the Police Superintendent's office to the District Office building.

To the Chief Engineer of Mysore, the Inspector-General of Police in Mysore, and the Deputy Commissioner of Bangalore, G. O. No. J. 2601-3—Police 129-4, dated 12th March 1905.

Observes that no orders are necessary in the matter of accommodation till the sale of the old Taluk Cutcherry building is confirmed by the Government.

From the Deputy Commissioner of Bangalore, letter No. S. 899, dated 27th April 1905.

Forwards a copy of the correspondence between himself and the Inspector-General of Police and states that for reasons mentioned therein, the sale of the old Taluk Cutcherry building is kept in abeyance pending the decision of Government on the further communication by the Inspector-General of Police on the matter.

To the Deputy Commissioner, Bangalore District, Inspector-General of Police, Secretary to Government, Public Works Department, Senior Surgeon and Comptroller, No. 3528-32—Police 121-6, dated the 6th June 1905.

Directs that the old Taluk Cutcherry building be sold by public auction subject to the conditions that the building should be demolished by the purchaser after purchase and a fresh building put up by him in its stead according to the plan to be approved by the Public Works Department and requests that the result of the sale may be reported to Government for confirmation.

From the Deputy Commissioner, Bangalore District, No. S. 291, dated the 23rd September 1905.

Reports that the building in question was put to auction on 28th August 1905 that it was knocked down for Rs. 30,000 in favor of the highest bidder M. Haji Ismail Sait who has paid the full amount and requests that the sale may be confirmed.

To the Deputy Commissioner, Bangalore, with original records, the Secretary, Public Works Department, the Senior Surgeon, etc., the Inspector-General of Police, the Inspector-General of Registration and the Comptroller, No. J. 1030-5, dated the 11th October 1905.

States that the sale may be confirmed by the Deputy Commissioner, subject to the purchaser undertaking to demolish the present building and erecting a new one in its stead according to plans to be approved by Government in the Public Works Department, that the building should be made over to the purchaser obtaining from him a written agreement to the above effect and that the Inspectors-General of Police and Registration should provide for the location of the new building.

BRIEF ABSTRACT OF LETTER.

States that the old Taluk Butchery building in Chikkappa in which are located the City Central Police station, the District Police office, and the Sub-Registrar's office, is in a dangerous condition and suggests that it may be disposed of and another building constructed in the Fort, since repairing it would be not only wasteful but prohibitive

NOTES AND ORDERS.

The Dy of Police says that money spent in (the old Taluk Butchery Building at Chikkappa) repairing it, would be absolutely thrown away.

From enquiries made, he informs that the old building is likely to fetch Rs 15,000.

He further suggests that it may be disposed

erial

office.

Subd. for order.

SR
24/10/05

10 The old Saluk catchery
building is considered likely
to fetch about Rs 1,500 when
sold. The Chief Engineer may I
think proceed with the preparation
of a design. It is as well however
that the Superiors - Genl of Police
and Registration should be asked
beforehand to report in consultation with
the Dy. Commr as to whether
temporary accommodation
could be found for the Police
Supt's office and the Sub Registrar's
office respectively ^{in the Dist Office Building} till either the
new Law Courts are constructed
or the when if convenient, these two
offices may be permanently ordered
to remain in the Dist Office building
Subd to say. Des. 2. 3. '05.

11 In my humble opinion it
is convenient to locate the Police
Office in the Dist Office building.

Serial
No.

The Chief Engineer's proposal seems to be preferable. Submitted to the Dewan Sahib; but I am afraid there may be no room now in the Dist Office. Perhaps a visit may clear matters.

I instructed the plan with the S.P. & President
D. Commission - also subsequently alone -
The question I am asked is "would an
open space of the same dimension of
the Valley Catch building be of much
use?"

The ²¹inquirer has been very frank.

- i. If I can make the building over as a sanitary
condition, I would say it would not be with
other buildings it down for the sake of the
open space that would then be provided -
though the open space would still be ^{be} benefit.
- ii. But when I find ~~the~~ a lot of buildings in a
thick & dense condition, looking & rather

No.

in many places & ill-ventilated, then I am bound to say that compared to the continued existence of such a structure, the open space left by its removal would be a great improvement to the locality.

22 I think it must be an error from a sanitary point of view to have the building on 5 private houses - bad now - almost certainly more dangerous in private ownership. It is kept now scrupulously clean, & as well aired as its structure permits - in private ownership the reverse would be the case. If it is to remain in fact it will remain a public office - If it is going to vacate ~~as it is~~ ^{as it is} it should be demolished, & rebuilt ~~on~~ according to approved plans. I advise re-building on the site as such a small area kept open would be of small use from a sanitary point of view, & must become instead a nuisance to the neighbourhood, as is the case with so many small open spaces in B. C. G.

I visited the place with the Inspector General of Police and the Deputy Commissioner; also subsequently alone. The question I am asked is "would an open space of the small dimensions of the Taluk Cutcherry building be of much use?"

The matter has to be viewed from ~~many~~ two points.

i. If the building were in a sanitary condition, I would say it would not be worth while pulling it down for the sake of the open space that would thus be provided, though the open space would still be of benefit.

ii But when I find a lot of buildings in a tumble-down condition, leaking and rotting in many places and ill ventilated, then I am bound to say that compared to the continued existence of such a structure, the open space left by its removal would be a great improvement to the locality.

I think it would be an error from a sanitary point of view to hand the building over to private persons. Bad now, it would be ten times more dangerous in private ownership. It is kept now scrupulously clean, and as well aired as its structure permits. In private ownership the reverse would be the case. If it is to (be) retained intact let it remain a public office. If it is going to be vacated by Government let it be demolished, and rebuilt according to approved plans. I advise rebuilding in the site as such a small area kept open would be of small use from

Flag
page 9H

-----cc-----

I have the honour to state that the old Taluk Cut-
-cherry building in Chikkapetta in which the City Central --
Police Station, the District Police Office, and the Sub-Regis-
-trar's Office are now located, is in an absolutely dangerous
condition, and if immediate repairs are not undertaken, there
is every probability of the building collapsing in the next
heavy rains. The building being situated in a very busy part
of the bazaar is surrounded on all sides by houses, and is in
more ways than one unsuited for a Police Station and Public
Offices. The cost of putting the building into thorough --
order would be prohibitive, and the money thus spent would in
my opinion, be absolutely thrown away.

In these days when plague makes its appearance al-

almost every year, it is necessary that Government Offices should be located in open healthy sites. Chikkapetta in which the -- building is situated is infected with plague almost every year, with the consequence that the lives of those whose misfortune it is to have to work in such a locality, are endangered.

Under these circumstances, I would suggest that the present building may be disposed of by public sale or otherwise, and the amount so realised utilized for constructing a suitable building in a convenient locality. From enquiries made, I am given to understand that in its present condition, the old Taluk Cutcherry building is likely to fetch Rs 15,000/- and this amount, with perhaps some additional ^{ex/pen ditive} ~~expense~~, will meet the cost of -- building a handsome new Police Head Quarter Station and Superintendent's Office, which will be an ornament to the City.

As regards the locality for the new building, I would suggest that the open ground in front of the Special Reserve -- Police Lines in the Fort, as most convenient; as it is in a central position, taking into consideration the new Extensions in Chamarajapet and Basavangudi.

I beg that you will be so good as to move Government to request the Chief Engineer to take early action in the matter, should my proposal meet with the approval of Government.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General of Police.

H.S. Bangalore District.

of 12th April 1905,
Letter No R. 2590, from, The Deputy
Commissioner, Bangalore, to The Inspector
General of Police in Mysore.

With reference to your letter - No
5546
540, dated 31st - March 1905, re the
Construction of a new building for the
Accommodation of the District
Superintendents' office and the Bangalore
City Police Central Station, I have the
honour to state that I am not for
having it built on the vacant site
in the market square, as thereby the
view of the Victoria Hospital will be
shut off. On such buildings as the
Victoria Hospital large sums of money
are spent on account of architectural
beauty which cannot show to advantage
unless a clear view of it is visible
all round. Small buildings well built

or all built within a radius of one or two furlongs, mar the grandeur and beauty of the main building. I am certain - and you know it well - that in places where better sites are available, as in the City of Bangalore no buildings of the kind in question, will be thrust in the way of the view of grand buildings.

2. Had I^a voice to express my views in the construction of the Electric Power House, I would have had it somewhere in the Fort. There are within it better sites which may be utilised for the purpose — say the site just to the right when entering it from the market. The small and low buildings there may be knocked down and in there place the one in question may be raised pulling down also the fort wall

wall at the gate which is an eye sore indeed.

3. Or, a better proposal would be the following. The central police station may be on the site in the Fort alluded to above. But the District Superintendent's office, and the office of the Inspector General of Police, which is now accommodated in a rented private house, could have an independent building in the compound of the District Offices. I have referred to this in my reference connected with the repairs to the old Taluk Catchery.

4. As regards the cost of the building, I do not see why it should depend on what the old Taluk Catchery could fetch. Here again I am opposed to its being sold in auction to private use.

 The

The Chickpet is nothing but a long and narrow road — almost a lane — with crowds of buildings on either side with not an open space in its whole length, not even to break the monotony of the great length. The busiest part of the old city is the Chickpet. No sooner it is sold to private individuals than a crowd of shops will rise. I am therefore inclined to propose to demolish the whole building and to put up a small one in the centre of the site for the Birth and Death Registry office or any other minor office. It should not on any account be sold out to private individuals however much the sale may fetch.

From Sanitary point of view this, I think, is very necessary.

I believe you fall in with my
opinion, and I request you to kindly
make a further reference to Government
modifying your recommendation already
sent.

For Dy Commissioner
mg Bangalore Dis.

Letter No $\frac{5546}{540}$ of 31st March 1905,
from, The Inspector General of Police, to,
The Deputy Commissioner, Bangalore.

I have the honour to forward herewith
for your information Copy of my letter No
 $\frac{4266}{456}$, dated, 28th January 1905, in
which I proposed the sale of the old
Taluk Butchery building in the
Chickapetta, Bangalore City, and the
Construction of a new building in the Fort
opposite the Special Reserve Lines for the
Accommodation of the District
Superintendent's office and the Central
Police Station of the Bangalore City.

Since writing the above, I have
looked at several sites and would suggest
the vacant site in the market square
in

in the Corner by the side of ¹⁰ the Electric
Power House as a suitable and
Central locality for the location of the
City Central Station and the
Superintendent's office.

I request the favour of being
informed if you think this would be
a good place for the Station.
